

## MARINE MIX MEAL TECHNICAL DATA SHEET

---

### Nutritional advantages

Marine mix meal based on fish, shrimp and squid offers an alternative protein source, as well as minerals and omega 3.

### Product Application

Marine mix meal is mainly used as a concentrated energy source for animal feed. Its main use is for feeding farm birds.

### Storage and packaging

The product is packed in polypropylene bags of 25, 50 kg and in big bags of 1000 kg and 1250 kg. Storage is carried out in a cool and ventilated place.

### Technical information

The companies with who we work have marine mix meal with the following characteristics:

Parameters	Marine mix meal	Marine mix premium
Moisture %	< 10	< 10
Fat %	< 10	< 10
